Selecting a Long Term Care Setting – A Guide for New Jersey Consumers

<http://web.doh.state.nj.us/apps/healthfacilities/fssearch.aspx>

If you're looking for day care, assisted living or a nursing home, this is the website for you. The Facilities Database allows you to search by county, name, or type of facility. There is also lots of helpful information on how to choose a nursing home and understanding the different levels of care.

Medicare.gov Nursing Home Compare

<http://www.medicare.gov/nursinghomecompare/search.aspx>

Nursing Home Compare has detailed information about every Medicare and Medicaid-certified nursing home in the country. It's a good place to start but it doesn't take the place of a personal visit. The data base is user-friendly and you can also learn about alternatives to nursing homes.

Partnership for Prescription Assistance 888-477-2669

<http://www.pparx.org>

The Partnership for Prescription Assistance helps those without prescription drug coverage get free or low-cost medicines through the public or private program that's right for them.

ClinicalTrials.gov

<http://www.clinicaltrials.gov>

ClinicalTrials.gov provides regularly-updated information about federally and privately-supported clinical research in human volunteers. You can search for trials by medication name or by illness. The database provides information about a trial's purpose, who may participate, locations, and phone numbers for more details.
