

WHEN YOU CARE • WE ARE THERE

COPSA Institute for Alzheimer's Disease and Related Disorders Spouse Support Group 2022

The COPSA Spouse Support Group is open to all who are caring for a spouse with memory impairment due to Alzheimer's Disease or a related disorder. We meet bimonthly to learn about the disease process, discuss issues that arise from caregiving, offer each other support and find out about available resources. All meetings are facilitated by a member of the COPSA Care2Caregivers Staff. We know how hard your job is. Come and talk with others who know what it is like to walk in your shoes.

We meet on the 1st and 3rd Mondays of the month from 9:30 to 11:30am.

To keep our group members connected during the coronavirus outbreak, we will offer an online group until public health authorities tell us it is safe to meet again in person.
